MEMORANDUM TO ALL CLERKS OF COURT

SUBJECT: Post-Judgment Interest Rate

The enclosed certification of the most recent auction of 52-week Treasury bills held on January 15, 1987 is distributed to the courts in conformance with 28 USC 1961 and 40 USC 258. The average price accepted for bills auctioned on that day resulted in an equivalent coupon issue yield of 5.75 percent. This rate will be applied to judgments of the courts affected by the provisions of 28 USC 1961 and 40 USC 258 and calculated in the manner prescribed therein. The next auction should be on or about February 12, 1987. In the event you need the latest auction results prior to receipt of this notice, the information can be obtained by typing "HELP T BILL" after logging onto any of the DEC 10 computer systems or calling the Accounting Systems and Planning Section, FTS 633-6276. Alternatively, you may call Treasury's recorded message reporting current results of the most recent auctions of Treasury bill and note offerings. The recording can be reached by dialing (202) 287-4100, in the Bureau of Public Debt.

The reverse of this memorandum provides a table of changes in the equivalent coupon issue yields for the last 24 auctions of 52-week Treasury bills. Courts are urged to share this information with all members of the Bar.
